UOS - Virtual Bioimaging Workshop Series 2021
Tackling Fundamental Biological Problems with Cutting Edge Microscopy

**Advanced Lipid Imaging at Highest Spatiotemporal Resolution**
May 18th, 2021

**Advanced Light and Electron Microscopy of Host-Pathogen Interactions**
May 28th, 2021

**Getting the Full Picture: Fluorescence Microscopy Across Scales**
June 1st, 2021

**More Information and Registration:**
Virtual Bioimaging Workshops 2021

**Organizer**
Rainer Kurre, Head of iBiOs, UOS
With Caroline Barisch, Katia Cosentino, Michael Hensel
Joost Holthuis & Jacob Piehler

Hosted by
Integrated Bioimaging Facility Osnabrück
